

“We are a multi-faceted organization of physician spouses, both male and female.”

BCMS ALLIANCE

We invite ALL physicians' spouses to join the Bexar County Medical Society Alliance!

What is the BCMS Alliance?

The Bexar County Medical Society Alliance (BCMSA) is a multi-faceted organization of physician spouses, both male and female.

The BCMS Alliance comes together to support civic, philanthropic and public health projects in our community, to foster friendships within our family of medicine and to become active in legislative matters that support the free and unfettered practice of medicine.

Our members include spouses of physicians who are eligible to be members of the Bexar County Medical Society. This includes spouses of active physicians, retired physicians or widowed spouses who have not re-married outside of the profession, and spouses of interns, residents and medical students, as well. When both spouses are physicians, we welcome both as members of our organization. Alliance members come from a variety of backgrounds and professions, but all realize that medicine is an integral part of their lives. They work together to make a difference in health care and health issues for all Texans.

The BCMSA strives to offer projects and programs of interest and value to our diverse membership. We are a non-profit, all-volunteer organization. We appreciate every level of participation and support.

Our members develop lifelong friendships, build an effective network of co-workers, and find a ready-made support system for the unique challenges of life in a medical family. If you are a physician, the spouse of a physician, resident or medical student, you should be part of the Alliance!

Why Join? Here's What We Have to Share:

- Book clubs
