

“A better way to buy or lease a vehicle, or equipment”

BCMS AUTO PROGRAM

Find a Car

The BCMS Auto Program is a no-cost member service designed to spare you the aggravation and hassle normally associated with the purchase.

The program is administered by BCMS and is open to members of the Bexar County Medical Society, San Antonio Bar Association, San Antonio District Dental Society, Veterinary Medical Association of Bexar County, and the Greater San Antonio Hospital Council, as well as their families and staff.

- BCMS will locate the vehicle for you at the best price, with your choice of color and equipment.
- We will arrange for a test drive at your home or office. We make the buying process easy.
- We then put you in touch with exactly the right person at the dealership to handle your transaction.
- If you prefer to go to the dealership yourself, always call BCMS for the current contact name to ensure you receive the best possible deal.
- Forms can be completed and submitted online for locating, financing and leasing cars. Visit www.bcms.org and click on Auto Program.

To reap the full benefits of the BCMS Auto Program, please call (210) 301-4367 anytime day or evening

Finance a Car We offer low rates for participants of the BCMS Auto Program through select Circle of Friends, Banks and Credit Unions.

Commercial Lease

Legal and medical professionals that use their vehicles at least 51% of the time for business may also take advantage of the Terminal Rental Adjustment Clause lease. TRAC provisions can benefit the lessee because:

- The lessee shares in the residual value.
- Rentals paid may be lower than otherwise available.
- No mileage limitations or adders at the end of term apply.
- Monthly payments, or a portion, may be tax deductible.

If you can qualify your car, truck or SUV as a commercial vehicle, you now have another financing option available that may make the most sense. Current term residuals and rates are always available at www.bcms.org or you can call (210) 301-4367 to request fax copies. If you have questions, call your CPA or tax expert and then call the BCMS Auto Program.

BCMS Auto Show

Check www.bcms.org for information on this year's show. See vehicles from 30+ dealers, enjoy live music, good food and fun!

Equipment Lease & Finance

Lease or finance any type of equipment – from as low as \$5,000 to multi-millions – for your practice, with 100% funding available and no extra fees. Operating Leases are geared toward flexibility and Capital Leases are geared toward ownership.
