CREDENTIALS VERIFICATION, INC.

CREDENTIALS VERIFICATION

Bexar Credentials Verification, Inc.

In today's healthcare environment, medical professionals and healthcare systems share the common need to cut costs, increase efficiency and maintain quality. Bexar Credentials Verification, Inc. (BCVI) is dedicated to helping healthcare providers with all aspects of credentialing services with state-of-the-art technology to streamline the process and eliminate duplication.

Company Profile

BCVI provides primary source verification of credentials data that ensure compliance with the National Committee for Quality Assurance (NCQA) and the Joint Commission on Accreditation standards. We collect, verify, store, maintain and deliver data with an electronically completed Texas Standardized Credentialing Application and/or an entity-specific application. BCVI provides credentialing for hospitals, ambulatory surgery centers, PHOs, IPAs and managed organizations such as HMOs and PPOs.

The BCVI principals are Bexar County Medical Society, a Texas county medical society, and Texas Medical Liability Trust, a Texas medical malpractice liability company for the Texas Medical Association.

BCVI's mission is to provide high quality credentials verification and related services to all healthcare providers, enabling them to devote their time and efforts to the delivery of quality care in the community.

Verification Services

Committed to providing the highest level of service possible:

- Turnaround goal of 45 days for processing completed applications
- Online access to the Texas Standardized Credentialing Application
- Comprehensive credentialing verification policies and procedures
- Seasoned and dedicated credentials verification staff
- Reasonable fee structure
- NCQA certified
- JCAHO compliant

Providing credentials verification services for:

- Hospitals
- HMOs, PPOs, PHOs, MBHOs
- Ambulatory surgical centers
- Medical practice groups
- Medical societies

Verification Sources:

- Academic and facility appointments
