

“It is because of the support from individuals like you that I am able to pursue my dreams.”

BCMS FOUNDATION

Helping Students Pursue Their Dreams

“Thank you for inspiring me with the potential to become a medical professional.”

“Your support and confidence in me has given me another incentive to reach for the stars!”

“Thank you very much for providing me with the opportunity to embark on a journey towards success by helping me pay for college.”

The words differ with each student, but the sentiment is generally the same for all of the recipients of scholarships awarded annually by the Bexar County Medical Society Foundation. Since its inception, the Foundation has funneled hundreds of thousands of dollars into scholarships to area students pursuing careers in medical, nursing, or related healthcare fields.

Since 1995, the Foundation has granted scholarships in excess of \$300,000 so that professionals get a jump start on careers ranging from neonatology and nursing to respiratory therapy and medical research.

The Foundation’s annual Holiday Gala and spring “Making the Rounds” golf tournament both fund the scholarship program. Beginning in 2005, it

launched a new scholarship fund through which a donor can establish a scholarship in honor or memory of a colleague, friend or loved one. The donor’s donation is matched by the Foundation. Michael L. Kreager of Kreager Law Firm was one such donor:

“While our scholarship may not have been significant in overall dollar terms, it made us feel like we were making a true difference in the life of a student who is passionate about health care. We support a lot of charities, but we felt that this scholarship has more meaning than any contribution we have made.”
