DOCTORS WITH YOUR COMPANY'S PRODUCTS AND
SERVICES ...**

The Bexar County Medical Society advocating for physicians, patients and our community since 1853.

A 170-year-Old Organization

The Bexar County Medical Society (BCMS) was established in 1853 as the first county medical society in Texas and was a pioneer in organized medicine. BCMS covers Bexar County and seven surrounding. We have been recognized and received an award by the Texas Medical Association as one of the fastest-growing medical societies in Texas. We have a current membership of 6,000 plus physicians representing all recognized medical specialties. This makes BCMS one of the largest county medical societies in the United States.

The Circle of Friends Program

The Bexar County Medical Society offers a community business development initiative called the Circle of Friends (COF).

This is a program designed for companies and organizations like yours that would like to reach out to our physician members and medical community with your products and services. Our program is designed to encourage and promote business growth with physicians and the healthcare community.

Historically, the COF program has proven to be the best resource for engaging physicians as potential clients, physician

referrals, brand awareness/recognition and positive public relations in our healthcare community.

Through the COF program, we have successfully helped many businesses grow. Also note, the charitable donations made as Sponsors in the COF program are tax deductible and help fund activities and events that are important to our community's health and the physicians that it serves.

It's a win-win scenario!

Why is Medical Marketing Important?

The combined medical sectors in San Antonio have a local economic impact of over \$38 billion per year and employ one of every six citizens in our local workforce. This makes healthcare the largest industry in San Antonio, surpassing hospitality and oil. The COF program is the best method to position your company for gaining a share of our multi-Billion Dollar Medical Industry. And the best time to start is now!

“

You gain a great and unique advantage as a COF Sponsor. Note that you will be part of the same organization as the physicians you are trying to reach. This position gives you a great advantage.
