

**Check out this amazing
new tool ...
*free to all members!***

Bexar County Medical Society and Texas Medical Association are offering our membership a *FREE*, powerful new tool to help your practice get ready for ICD-10.

This free ICD-10 tool offers:

- **Ability to apply the correct ICD-10 coding at the point of patient contact**
- **Improve the rate of accepted claims and reduce frustration**
- **This tool offers a highly intuitive way to build a narrow list of billable ICD-10 codes based on user preferences**

The cost of this tool is \$1,250 per nonmember user – but if you become a member of BCMS and TMA and you will have access to it for free! Your dues are a lot less than that!

To join TODAY call BCMS Membership at 210-301-4371 or visit texmed.org/join

We can also setup your membership dues in installments and this will allow you to start using this tool immediately! ***Don't wait . . . ACT NOW!***

BCMS and TMA members can start using this resource immediately by logging into their TMA membership account. [TMA ICD-10 Resource Center](#)
